NGUYEN CONG HUNG

Frontend Developer | React Native

0981815237 business.nc.hung@gmail.com Di An, Binh Duong

PROFESSIONAL SUMMARY

React Native Developer with over 4 years of hands-on experience in developing, leading, and optimizing large-scale mobile applications. Proven track record in delivering high-quality UI/UX, building CI/CD pipelines, and mentoring development teams. Passionate about creating scalable and maintainable frontend architectures. Recognized for outstanding performance and leadership in dynamic cross-functional environments.

TECHNICAL SKILLS

- Languages: JavaScript, TypeScript, Dart
- Frameworks: React Native, ReactJS, Next.js, Flutter
- State Management: Redux, Redux Toolkit, Redux-Saga, MobX, Cubit
- Testing: Jest, Maestro, Manual Testing
- CI/CD: Jenkins, EAS Build, CodePush, Fastlance
- UI Libraries: React Native Paper, Material UI, Native Base, Bootstrap
- Tools: Firebase, Google Console, Android Studio, Xcode, Git, Slack, Jira, Trello
- Google APIs: Google Maps SDK, Geocoding API, Places API, Distance Matrix API, Location Services

EDUCATION & CERTIFICATIONS

- University of Science – VNUHCM (2015–2018)
- University of Information Technology – VNUHCM (weekend courses)
- React Native Advanced Course – KMH Academy

ACHIEVEMENTS

- Outstanding Performance Award – Thiso Retail (Emart)
- Excellent Staff of the Year – Thiso Retail (Emart)

WORK EXPERIENCE

React Native Developer | Flutter Developer

N.A.M Tech | Oct 2024 – Present

• Lead architect and developer for AVB-ARC, a cross-departmental service management platform.

• Designed scalable frontend structures with modular, reusable components.

• Built CI/CD pipelines using Jenkins, Fastlane, and CodePush for seamless deployment across iOS and Android.

• Developed Flutter modules using Cubit for state management, applying clean architecture and optimized UI performance.

• Contributed to BSP Customer project — a ticket and customer feedback management system for service providers (home appliance repair, pool cleaning, and other utilities).
• Implemented core features for Cruncher — a financial and tax management system handling contracts, PDFs, and secure data workflows.
• Built a Shopify Minis App for a furniture supplier using ReactJS on mobile, integrating AI product recommendations based on user descriptions and AR preview for in-room product visualization.
• Mentored junior developers, conducted code reviews, and improved team productivity.
• Spearheaded cross-functional coordination with UI/UX, backend, and QA teams.

React Native Developer
Thiso Retail | Jan 2022 – Oct 2024

- Led the development of Emart Mall & VOC apps with full ownership of frontend architecture.
- Introduced Redux and Recoil for scalable state management and maintainability.
- Collaborated with product managers to define technical scope and roadmap.
- Actively contributed to API design, sprint planning, and quality assurance.

React Native Developer
Intellin Tech | May 2021 – Dec 2022

- Delivered UI features for mobile apps across Android and iOS platforms.
- Ensured smooth API integration and robust performance using Redux.
- Worked in Agile methodology with daily standups and sprint reviews.

Frontend Developer
Promote | Dec 2020 – May 2021

- Migrated legacy class components to modern React with hooks.
- Delivered responsive UI/UX with optimized performance for mobile and web.
- Integrated Firebase and Stripe APIs for real-time updates and secure payments.
- Mentored interns and provided support through regular code reviews.
